

Sliding wall wagon, AAE Cargo

6660137 | **EINSTELLER**

railway company: EINSTELLER

44,90€

Sliding wall wagon, type Hbbins, of AAE Cargo.

- Finely detailed end and side walls
- Handles and operating rods applied separately
- Chassis true to the original

The two-axle sliding wall wagons of the Hbbi(II)ns(s) type are currently standard equipment for virtually all European railway operators. These wagons are ideally suited for transporting weather-sensitive, high-volume, and palletised goods.
