

## Electric locomotive 190 311-7, RailAdventure

7570041 |

**339,90€**

Photomontage

Electric locomotive 190 311-7 of the RailAdventure.

- Elaborate roof design
- Used for test and transfer runs
- Authentic sound functions, switchable with an onboard decoder
- In digital operation with switchable high beam

RailAdventure GmbH, based in Munich, is the market leader for test and transfer runs of rail vehicles across Europe. The company operates its own fleet of locomotives, coupling adapters, and brake wagons. Locomotive 190 311 was previously part of InRail's fleet and has been part of RailAdventure's inventory since May 2023, having since been redesigned to meet the company's standards.

## General data
