

## Re 420 275-0 electric locomotive, SBB

7570045 | SBB

railway company: SBB

**354,90€**

Photomontage

Electric locomotive Re 420 275-0 of the Swiss Federal Railways.

- Fine windscreen wipers as etched parts
- Version with air conditioning
- Delicately detailed pantographs
- Closed pilots included in the package
- In digital operation with switchable headlight/tail light and driver's cab lighting
- Z21 driver's cab available

The Re 4/4 II are universal locomotives and are therefore used to haul both passenger and goods trains. Heavy trains are typically operated in double traction together with a Re 6/6. With 277 units delivered between 1964 and 1985, the Re 4/4 II series represents the largest class of traction units in the SBB fleet. The locomotives have a power output of 4,700 kW and can reach a maximum speed of 140 km/h.

## General data

Coupling	NEM shaft 355 with close coupling mechanism
Minimum radius	192 mm
Flywheel	yes
Traction tyres	2
Number of driven axles	4
EAN	4005575263399
Scale	N
Epoch	V
Railway Company	SBB

## Electrical

Head light	Light changeover true to the Swiss original.
LED head light	yes
Additional light function	yes
Sound	yes
Interior lighting	Yes, LED, Digital switchable, Driver's cab lighting
Control	DC Digital
Interface	Electrical interface for traction units Next18
Digital decoder	Next18

## Measurements

Length over buffer	96 mm
