- In digital operation with switchable headlight or tail light and driver's cab lighting
- Z21 driver's cab available

With many business partners, the canton of Aargau successfully promoted public transport and the Aargau region as a place to live and work. The centrepiece was the "Zugkraft Aargau" advertising locomotive with the logos of the main sponsors. The locomotive could then be found on the SBB network operating without logos until the end of 2004.
