

2nd class control cab coach for EW-IV commuter trains, SBB

6220199 | **SBB**

railway company: SBB

169,90€

2nd class control cab coach EW IV, type Bt, of the Swiss Federal Railways.

- Refit version with children's compartment design
- With separately attached grab rails, windscreen wipers and SBB logo
- In digital operation with switchable high beams as well as driver's cab and interior lighting
- Alternating current version

SBB procured 60 IC Bt type control cab coaches when long-distance trains were shuttled from 1996. The 62-seat vehicle is conceptually based on the well-known Eurocity coaches. The equipment also includes a wheelchair, buggy and bicycle compartment as well as a closed WC system with bioreactor. The head shape and driver's cab largely correspond to the Re 460 locomotives, thus achieving a homogeneous appearance.

General data

Coupling	NEM shaft 362 with close coupling mechanism
Article number	6220199
EAN	9005033384111
Interior fitting	Model with interior furnishing, Driver's cab
Scale	H0
Epoch	VI
Railway Company	SBB

Electrical

Head light	3 headlight, dependent on the direction of travel/2 tail lights, dependent on the direction of travel
LED head light	yes
Interior lighting	Yes, LED, Digital switchable, Driver's cab lighting
Control	AC
Interface	Electrical interface for traction units PluX22
Digital decoder	Function decoder

Measurements

Length over buffer	303 mm
