

## 3 piece set: Tank wagons, NACCO

6600197 | **EINSTELLER**

railway company: EINSTELLER

**179,90€**

Set of three 4-axle tank wagons, type Zacns, from NACCO.

- For the first time with a a small marking panel
- Finely detailed models with many separately applied plug-in parts

This four-axle tank wagon, with a capacity of 95 m<sup>3</sup>, is used to transport light petroleum products (such as kerosene, petrol, diesel, and heating oil) as well as liquid chemicals. A typical feature of this wagon type is the lowered walkway at the loading hatch.
