Electric locomotive BB 26005 of the French State Railways.

- "Trains Spéciaux" design
- Fine etched parts on the roof
- Delicate design of the two different pantographs
- Headlight/tail light switchable with a DIP switch

"Trains Spéciaux" is a service offered by SNCF Voyageurs that allows customers to reserve part or all of a passenger train. To distinguish the locomotives used for these special services, SNCF Voyageurs has chosen to repaint several Sybic locomotives in a new livery. This design harmonises perfectly with the livery of the luxurious Venice Simplon-Orient-Express sleeper coaches.
