Adesso Rail is a young Austrian railway company based in Marchegg and founded in 2025. The company has positioned itself as a modern, internationally orientated operator for railway traffic between Austria, Germany and Italy. With ultra-modern Siemens Vectron locomotives from Railpool, Adesso Rail is counting on the reliability of Siemens machines. The fresh brand image, striking design and focus on innovative logistics solutions make Adesso Rail an exciting new player in the European rail sector.
